The winner of the 2020 Virtual Pepsi Little People's Golf Championships Volunteer-of-the-Year Award is Ruth Moser.

Ruth lives in Estes Park, CO, but works online for a Massachusetts company. She is a dedicated and talented golfer, with an immense knowledge of the USGA Handicapping and World Handicapping Systems, and a love for mathematics.

It was this knowledge that made her indispensable to the success of the pioneer Virtual Pepsi Little People's Golf Championships.

In order to have a Virtual tournament, it was necessary to develop a method of equalizing the playing

field for the boys and girls 10-18 age divisions, who would be playing their two rounds at courses of their choice. Ruth devised a process to utilize the WHS formula, making it possible to hold this pioneer golf event.

As a result, the Virtual Pepsi Little People's Golf Championships drew 113 golfers, registering from 22 states, Barbados, Bermuda, British Columbia, Ontario and Latvia, and was a huge success.

“Without Ruth's efforts, the 2020 Virtual Pepsi Little People's would not have been possible,” stated Nan Ryan, Little People's Founder and Executive Director. “We owe its success to Ruth's knowledge and dedicated spirit.”
